

Field's Farmstead CSA Agreement

Your Name: _____

Your E-mail: _____

Your Phone Number (optional): _____

Fill this form out to agree to become a CSA member and receive a box of vegetables from our farm every week. We are asking you to pay \$20 for each box, and expect \$40 down, (paying for the first 2 weeks) to reserve your spot as a CSA member.

We guarantee you that our veggies are grown with no pesticides. Examples of veggies you may get from us:

- Lettuce, Spinach, Kale, Chard, Bok Choi
- Tomatoes, Peppers, Eggplants
- Zucchini, Cucumbers, Squash
- Carrots, Beets, Radishes, Turnips, Potatoes
- Onions, Garlic, Scallions, Chives
- Herbs like Cilantro, Basil, Mint, Oregano, Thyme

The CSA Membership is planned for: **Jun 16th to Nov 3rd, for 20 weeks**
But the specifics could be affected by the uncertainties of the gardening season and of life.

The veggie boxes can be picked up at our farm, at **1522 Moore Dr. in Cavan, Ontario**, every **Friday, from noon to 7pm** or at the **Milbrook/Cavan REKO every Thursday**.
And if you want to pick up on Saturday, that is probably ok too, but not guaranteed. Just ask if you need some flexibility on a given week.

This is a private agreement between you, who are filling this form out, and me, JP Field, the farmer at our farm. I'm agreeing to grow fresh veggies for you every week. And you're agreeing to come pick them up and pay for them. We hope you enjoy them and we will work hard to grow the best we can. But things don't always work out as planned.

We're asking that you come every week to pick up and pay for your veggies. But if for some reason you cannot, or you need to cancel, that is ok. There's no penalty or fee or anything, But we ask that you don't do it if you can avoid it. And let us know in advanced if possible so we can find another home for the food we grew for you.

If our crops don't do as well as planned, and the garden does not produce enough to fill the veggie boxes for a week, I will be buying vegetables from another local farm to fill the boxes.

If anything else goes wrong, in any way shape or form, then we are agreeing to talk it out and resolve the issue privately, from one human being to another, without lawyers, suing, the legal system, or anything like that at all. So to be clear, you are waiving any and all rights to sue, use lawyers, or use the legal system, in any way, against me, my farm, my family, for any reason whatsoever, at any time, no matter what.
